HOW TO PURCHASE WIRELESS INTERNET ONSITE
*****ONE PIN PER ONE DEVICE*****

1. Using your Wireless Management software, find the wireless network named **Pier 92/94** and connect to it.
2. Open any browser window. You will be redirected to the page below:

**When you see a prompt to verify the authenticity of the site, click Accept Certificate or Continue on the site. If you do not accept the certificate, you will not be able to access the network.*

Click "GET PIN" here

3. On the next page you can choose a Wi-Fi Internet Access package from the drop down menu, and fill out the form with your information. Only click "**SUBMIT**" **ONCE.**
4. A new window with your PIN will open, please record this pin as you will need to log in with this PIN each time you restart your browser.
5. You should be automatically redirected to your home page. If you are not redirected, close your browser. Open a new browser window, and you will be redirected to the login page, where you will enter the PIN you have just purchased.

PLEASE NOTE: This PIN will only provide access for ONE device at a time. If you need simultaneous connectivity on multiple machines, you should purchase one PIN for each machine.
